

Preliminary Program for LASID 2013 17 – 18 – 19 October, Hotel Marriott

Thursday October 17

07:00 – 08:00 Registration

Public Health and Primary Immunodeficiencies

- 08:00 - 08:30 Goals beyond LASID registry
Dr. Antonio Condino, HIGM y CGD
- 08:30 - 09:00 Goals Beyond LASID registry: Agammaglobulinemia
(Speaker to be confirmed)
- 09:00 - 09:30 Impact of PID awareness on diagnosis and registry in Latin American
(4 Countries: México, Brasil, Argentina, Chile)
- 09:30 - 10:00 Development of a NBS program
Dr. Routes
- 10:00 - 10:30 Latin American experience in the development of Neonatal Screening
Dr. Francisco Espinoza, Dr. Jose Luis Franco, Dr. Antonio Condino

10:30 – 11:00 *COFFEE BREAK*

New Immunodeficiencies

- 11:00 - 11:30 NK cell Biology
Dr. Jordan Scott Orange
- 11:30 - 12:00 NK cell deficiencies: clinical evaluation and study
Dr. Jordan Scott Orange
- 12:00 - 12:30 Recent advances in genetic Susceptibility to infections
Dr. Jean Laurent Casanova
- 12:30 - 13:30 Lunch symposium
- 13:30 - 14:00 Poster Viewing

Study of Primary Immunodeficiencies (CIS Symposium)

- 14:00 - 14:30 Flow Cytometry in the diagnoses of PIDs
Dr. Troy Torgerson
- 14:30 - 15:00 "Newborn screening for SCID in the USA: opportunities and challenges"
Dr. Luigi Notarangelo
- 15:00 - 15:30 Genetic Testing for primary immune defects
Dr. Joao Bosco, Dra. Carolina Prando

15:30 – 16:00 *COFFEE BREAK*

- 16:00 - 16:30 2 oral presentations
- 16:30 - 17:00 HIES/Jobs
Dra. Alexandra Freeman
- 17:00 - 17:30 2 LASID Fellows presentation

FRIDAY, October 18

- 07:30 - 08:00 Breakfast symposium

Autoinflammatory disorders

- 08:00 - 08:30 Genetics of inflammation
Dr. Ivona Aksentijevic
- 08:30 - 09:00 Phenotypes of autoinflammatory diseases
Dr. Marco Gattorno
- 09:00 - 09:30 Autoinflammatory diseases update
Dr. Karyl Barron
- 09:30 - 10:00 Treatment of autoinflammatory diseases
Dr. Marco Gattorno

10:00 – 10:30 *COFFEE BREAK*

Inflammation

- | | |
|---------------|---|
| 10:30 - 11:00 | Properties and functions of human TH17 Cells
Dr. Jean Laurent Cassanova |
| 11:00 - 11:30 | Inflammatory bowel disease in PIDs
(Speaker to be confirmed) |
| 11:30 - 12:00 | “Immune Dysregulation, a common and difficult problem in PIDs”
Dr. Hans Ochs |
| 12:00 - 12:30 | ALPS diseases
Dr. Joao Bosco |
| 12:30 - 13:30 | Lunch symposium |
| 13:30 - 14:00 | Poster Viewing |
| 14:00 a 14:30 | Treatment of inflammation in PIDs (Speaker to be confirmed) |
| 14:30 - 15:00 | 2 oral presentations |
| 15:00 - 15:30 | Multidisciplinary approach in treatment of PIDs
Dr. Bobby Gaspar |
| 15:00 - 15:30 | Antimicrobials in PID
Dr. Alexandra Freeman |
| 15:30 - 16:00 | Immunodeficiencies: a novel modell for infections resistance
Dr. Sergio Rozensweig |

16:00 – 16:30 *COFFEE BREAK*

- | | |
|---------------|-------------------------------|
| 17:00 - 17:30 | 2 LASID fellows presentations |
|---------------|-------------------------------|

SATURDAY, October 19

07:30 - 08:00 Breakfast Symposium

Hereditary Angioedema

08:00 - 08:30 Clinical spectrum & diagnoses (Speaker to be confirmed)

08:30 - 09:00 New classification of hereditary angioedema diseases (Speaker to be confirmed)

09:00 - 09:30 Consensus in treatment for HAE (Speaker to be confirmed)

09:30 - 10:00 Novel therapies in HAE (Speaker to be confirmed)

10:00 – 10:30 COFFEE BREAK

Transplant and Gene Therapy (ESID symposium)

11:00 - 11:30 Bases of gene therapies and clinical results of Gene therapy for SCID patients
"Progress and perspectives in gene therapy for PID"
Dr. Alessandro Aiuti

11:30 - 12:00 Results of novel gene therapy protocols for X-linked SCID and Wiskott-Aldrich syndrome
Dr. Luigi Notarangelo

12:00 - 12:30 Perspectives for developing gene therapy in Latin America
Dr. Bobby Gaspar

12:30 - 13:30 Lunch symposium

13:30 - 14:00 Poster Viewing

14:00 - 14:30 Future establishment of gene therapy consortium for Latin american countries
Dr. Antonio Condino

14:00 - 15:00 Lecture to be confirmed

15:00 - 15:30 LASID Business meeting

15:30 - 16:00 Closing
